

Suction hose PE/C

Application areas: Light and flexible extraction hose. Mainly suited for cleaning and where exceptional conductivity for static electricity is required.

- Smooth bore conductive hose.
- Max. vacuum 50 kPa.
- Temp. range: -40 °C to +60 °C.
- Conductivity <math>< 10^6\Omega/m</math>

Product name	Suction hose PE/C
Max vacuum (psi)	50
Max vakuüm (in. wg)	7,3
Diameter (in)	51
Length (ft)	25
Note	Couplings included Ø 2 inches

Suction hose PE/C
