

Industrial vacuum cleaner 218E

Portable dust collector for dust extraction

218E industrial vacuum cleaner is the perfect machine for collection of very fine non-explosive dust. The dry vacuum filter and cleaning system provides a long interval between filter exchange which improves the productivity.

The three single phase electrically powered multi stage fan system creates a high airflow for excellent dust and fine powder extraction. The dust collector operates with independent air cooling for improved performance. It has an efficient cyclonic pre-separation of the dust before the filter. The robust design of the dust collector makes for a safe operation in rough condition and the big wheels makes it easy to transport. The container is easy to empty plastic dust bag is available as an option.

- Perfect for very fine dust collection
- Thermo switch
- Robust design for heavy duty applications
- HEPA filter

Product name	Industrial vacuum cleaner 218E
