

Tillbehör Högvakuum, Containers

Containers to be used for high vacuum systems

Produkt namn	Tillbehör Högvakuum, Containers
--------------	------------------------------------

CE

Tillbehör Högvakuum, Containers

Bild	Beskrivning	Vikt (kg)	Kapacitet	Model
	Container for 206A			43310001
	Container S50			43320001
	Container S50 inlopp d51			43322001
	Container S50 tangential suction inlet d76			43322002
	Container S50 tangential suction inlet d51, with quick coupling PA d51, wear plate			43322019
	Container S50 suction inlet d51, excentric fastners			43322026
	Container S50 with suction inlet d51 for container combinations			43324001
	Container S50 with suction inlet d51 and bottom drain valve 2" BSP			43326001
	Container S50 with bottom drain valve R2 BSP, antistatic handles			43326002
	Container S50 with bottom drain valve R2 BSP			43326014
	Container S50 for pump, with tap			43328002
	Container NEL-20/21-S			43330001
	Container S50 with wheels, suction inlet d51			43332014
	Container S50 inlet connection d51 PA, with wheels, excentric fasternes			43332020
	Container S50 471 RAL7035(grey)			43332021

Tillbehör Högvakuum, Containers

Bild	Beskrivning	Vikt (kg)	Kapacitet	Model
	Container S50 stainless steel 47l			43340001
	Container S50 stainless 67l with excentric fastners			43346001
	Container S50 stainless steel with suction inlet d51			43348001
	Container S50 stainless steel, with bottom drain valve R2 BSP at bottom with inlet d51			43352001
	Container S50 stainless steel, with bottom drain valve R2 BSP at bottom			43352002
				44320001
				44324001
				44326002
