

Frequency controlled compact high vacuum dust collector unit to be used for combustible dust applications. Typically 2-10 users.

The FlexPAK DX is a frequency controlled high vacuum dust collector for extraction of combustible dust. FlexPAK DX is suitable for cleaning the workplace, the shop floor and machines. It is also very suitable for on-tool applications. FlexPAK DX regulates the speed of the motor automatically depending on the vacuum demand. Compared to traditional controllers, FlexPAK DX provides an optimal, and well-balanced vacuum according to the need, ensuring energysaving operation. The FlexPAK DX have different running modes to meet specific customer needs. The FlexPAK DX can easily switch between generating as much vacuum as possible, typically for applications with long piping or material transportation, or maintaining a constant vacuum level. There are 2 versions available, FlexPAK DX, equipped with a rupture disc for release of the explosion pressure and flame and FlexPAK DX F2 supplied with a flameless venting system that could be used indoors for some applications. Always reference the use in relation to product explosion properties and the extracted dust.

- Easy to install
- Built in PLC functions
- Low operating cost
- Reliable
- Suitable for a wide range of applications

None do Produto	FlexPAK DX	
Nível de ruído (dB(A))	70	
Classe de proteção	IP 42	
Instalação	Interior, Exterior	
Material	C2 according to ISO 12944-2	
AAdequado para poeiras combustíveis	True	
Método de limpeza do filtro	Pulso de ar em contra fluxo	
Material reciclável (%)	93,6	
Application	Granulado, Areia, Fumos, Granalha, Poeira	
Pressão de serviço (kPa)	20-35	
Volume do balde (I)	70	
Máx. caudal (m3/h)	1300	
Área Filtrante (m²)	6	
Frequência (Hz)	50/60	
N° de fases	3	
Tipo de filtro	Filtro de velas	
Número de elementos filtrantes	2	
Material Filtrante	Antistatic polyester	
Compressed air requirement	6-7 bar	
Max vaccum (kPa)	35	
Inlet	150 mm	
Peso (kg)	454	
Nota	Filter elements - 2 (main and control filter)	

Granulado Areia Fumos Granalha Poeira
