

# Conducto QF

"Los conductos QF ofrecen una gama completa de diámetros y accesorios para instalaciones profesionales fáciles de instalar"

## Conducto QF

- ✓ QF para una instalación rápida sin herramientas especiales, sin pintura, con funcionamiento flexible
- ✓ Componentes de instalación fáciles de montar
- ✓ Conexiones con deslizamiento de conducto para adaptar y ajustar los conductos durante la instalación
- ✓ Conductos rectos soldados por láser para una superficie más lisa y mayor resistencia a las fugas
- ✓ Fácil de extender o desmontar para su limpieza, reconfiguración o reubicación

"Fabricados en acero galvanizado o acero inoxidable con uniones soldadas con láser, produciendo superficies internas más lisas y proporcionando una mayor resistencia a las fugas, los conductos QF ofrecen una solución inmejorable para su sistema de extracción.

El clip Quick-Fit™ cuenta con una junta de estanqueidad que sujeta firmemente en su lugar por una acción de sujeción positiva del sobrecentro sobre los collares enrollados en los extremos del conducto a unir. Para mayor seguridad, se puede insertar un pasador de seguridad.

"
